

FASTER. SIMPLER. CLEANER.
For Seamless High Level Disinfection.

To help maximise patient throughput and to improve quality patient care, medical teams are turning to Chronos.

FASTER – Chronos FASTER 90 seconds HLD cycle time, streamlines clinical workflows to drastically reduce time and costs.

SIMPLER – Chronos simple “one button” process to activate HLD and digital traceability improves compliance and audit readiness.

CLEANER – Chronos is pioneering High Level Disinfection (HLD) as the only chemical free system. It is also the only automated system proven to kill native human papillomavirus (HPV) both in vitro and in clinical use.
